9TH GRADE PRINCIPAL'S AWARD SELENA MACHIA

The principal's award is presented in June to the eighth grade student who is deemed by the faculty to have been the most outstanding student during the past two years at the Agawam Junior High School. The faculty bases its decisions on the fact that the student is well liked by both students and staff and demonstrates the following attributes:

Good conduct
School spirit
Sportsmanship
Good academic record
Helpful and cooperative
Involvement in school activities
Contribution to school and community
Trustworthiness, reliability and promptness
Respectful attitude toward people and property

Selena Machia is the recipient of this year's award. Very popular among teachers and fellow students, she has maintained an honor roll status every academic term since fifth grade, yet still has been involved in many activities at school and at home.

In seventh grade, Selena received the Jean Stein Book Award for the highest academic average in social studies. During that same year, she auditioned for Western District on percussion and received first chair in concert band. It should also be noted that Selena's score was the highest of all students who auditioned from over forty-five cities and towns in Western Massachusetts.

Selena is a very dedicated and talented musician. She is percussion section leader in the AJHS Wind Ensemble, a select group which performed at the Massachusetts All-State Conference last year. Selena demonstrates her seriousness about music by taking private lessons. She is also this year's recipient of the Director's Award for Band, given each year to the eighth grade instrumentalist who exhibits the strongest musicianship, leadership and scholarship.

Selena was a library aide during eighth grade. She also served on this year's Ballot Box Committee and was selected "Most Likely to Succeed" by her peers. Her future plans for success include high school field hockey and preparatory courses for a career in business administration.

Selena displays maturity with home and babysitting responsibilities. Her family belongs to the American Field Service Association and hosted a Japanese student in Agawam for the 1990-1991 school year. An avid ice hockey fan, Selena also enjoys reading, writing, skiing, and listening to and performing music.

Selena is indeed respected by the faculty as well as by her peers. She demonstrates leadership by setting an example for others to follow. She is a very serious student, yet displays a delightful sense of humor and loves to have fun.

CONGRATULATIONS, SELENA ... FOR AN HONOR WELL-DESERVED.

Space Arc

To celebrate the 500th Anniversary of the voyages of Columbus and the International Space Year, Agawam Junior High School students participated with other students around the world in a letter writing project. The letters will be microfilmed and sent aboard the SpaceArc at the end of this year. During the mission a satellite will we launched in what has been forecast as a million year orbit. Shown here are a few of the more than one hundred Agawam participants.

National Geographic Geography Bee

During the winter of 1991 seventh and eighth grade students participated in a geography bee, sponsored by National Geographic World. The finalists then competed and the junior high school winner of the 1992 National Geographic World Award is David Borowiec.

Dave is pictured with the other finalists (second row right) and with Mr. William Quinn, the coordinator of the social studies department, who presented him with the award. He will now compete in the state geography bee.
